The development of Kadikoyu as an urban space through the role of a municipality with the Light of the Precious Monograph by Celal Esada (ARSEVEN) / June 2018 For two millennia, the city of Kadik ( also known as Cadiz, Cadica or Cadiz) was the most important port city of Southern Spain. During the reign of the Moors, forts and ships were built on its territory, which were necessary to fight the Anglo-Saxon Christians, in particular Count Egmont, who conquered a significant part of Spain in 1085.
